Message from the Principal

Thank you for your interest in the role of Teaching Assistant. The chance to be a part of a rapidly expanding innovative education establishment is very rare and this is a wonderful opportunity. As a key member of a small team you will support the culture of the organisation..

The education system tends to separate students into those who are academic and those who are vocational. I see no reason why talented young people, both boys and girls, who are interested in STEM subjects, cannot gain academic qualifications, build technical expertise and develop core skills through real experience in businesses. We call this our Student Leaver Profile and the focus of the UTC education is to ensure that students are Career and Life Ready.

We were the first university technical college in the North East and already play a significant role in the provision of education and skills for the engineering and manufacturing industry in the area. Our business sponsors, Gestamp Tallent and Hitachi Rail, are two of the biggest and most influential engineering employers in the North East. The University of Sunderland has a proud record of combining educational excellence with a deep commitment to careers and the well-being of the local area.

The founding partners, five years into our journey and success, are fully committed to the UTC and are demonstrating that in their level of support.

We have tried to give you a clear picture of our aspirations for the UTC in this pack and additional information can be found on our website www.utcsouthdurham.org.

Joining UTC South Durham will be an excellent opportunity for the right person. If you think you are that person we look forward to receiving an application from you.

Yours sincerely

Tom Dower
Principal
UTC South Durham
